PREFACE

Capital Formation is an important indicator to measure the economic development and indicate the magnitude of growth of productive potential of an economy. Higher the growth rate of Capital Formation, higher would be productivity capacity of the economy, whereas its paucity leads to low level of production with higher cost.

The present report on the “Estimates of Gross Fixed Capital Formation” in Delhi (Public Sector) for the years 2011-12 to 2013-14 at current prices (with 2011-12 Base year) is brought out by the Directorate of Economics & Statistics, Delhi as per the methodology (Revised) adopted by the National Accounts Division Central Statistics Office, Ministry of Statistics & Programme Implementation, Govt. of India.

This report gives a broad picture of the annual creation of fixed capital by type of assets and industry of use in Public Sector separately for the State Government, Departmental Commercial Undertakings, Non- Departmental Commercial Undertakings, Local Bodies, Quasi Local self government including State Autonomous Institutions and Supra Regional Sectors.

The cooperation extended by the officers/officials of the National Accounts Division, Central Statistics Office, Government of India in furnishing the basic data required for estimation of Gross Fixed Capital Formation in respect of Supra Regional Sectors (Central Govt. Administration , Railways, Communication & Services related to Broadcasting, Financial Services) and Central & State Non- Departmental Commercial Undertakings is greatly acknowledged.

The strenuous efforts put in by the officers / officials of the State Accounts Division of the Directorate of Economics & Statistics, Delhi are highly appreciated to bring out this report.

I hope this report will be of immense help to the policy makers, Planners and Research Scholars interested in the study of Capital Formation of Govt. of NCT of Delhi.

Constructive comments and suggestions, if any, for improving the future publications are most welcome.

DELHI
June, 2016

D.P. DWIVEDI, IAS
Director-cum-Special Secretary

EXECUTIVE SUMMARY

ESTIMATES OF GROSS FIXED CAPITAL FORMATION IN DELHI (PUBLIC SECTOR)

2013-14

EXECUTIVE SUMMARY

The following are the main highlights of the analysis of "ESTIMATES OF GROSS FIXED CAPITAL FORMATION IN DELHI (PUBLIC SECTOR)" for the year 2013-14.

ESTIMATED TOTAL PUBLIC SECTOR GFCF IN DELHI AND AT NATIONAL LEVEL:

- ❖ GFCF of Delhi for Public Sector for the year 2011-12 was Rs. 19586.62 Crore while it has increased to Rs. 23676.81 Crore in the year 2012-13, in terms of percentage the increase is found to be 20.88%. Estimated GFCF during the year 2013-14 was Rs. 24287.75 crore with a growth of 2.58% over previous year.
- ❖ At National level, GFCF of Public Sector for the year 2011-12 was Rs. 656785 Crore while it has increased to 698686 Crore in the year 2012-13, in terms of percentage the increase is found to be 6.38% whereas, Estimated GFCF during the year 2013-14 was Rs. 880770 crore registered a growth rate of 26.06% over previous year.

- ❖ The contribution of Primary Sector in Public Sector GFCF in Delhi is found to be 0.74% during 2013-14 as compared to 13.83% contribution at National Level.
- ❖ For Secondary Sector, the contribution of Delhi was 13.69% whereas at national level it was recorded at 29.27%.
- ❖ Tertiary Sector contributed 85.58% in Delhi as compared to 56.90% at National level.
- ❖ During 2013-14 growth in GFCF for Primary Sector in Delhi was 28.98% as compared to 36.17% at national level.
- ❖ For Secondary Sector, a negative Growth rate of 20.17% was observed in Delhi as compared to 15.35% growth at national level.
- ❖ For Tertiary Sector, a growth of 7.28% was registered in Delhi whereas at national level GFCF it was 29.92% during the year 2013-14.

RATIO OF GFCF OF DELHI TO NATIONAL LEVEL GFCF (PUBLIC SECTOR):

- ❖ The ratio of Public Sector GFCF of Delhi to National level Public Sector GFCF has been estimated at 2.98% during 2011-12, while the share of Public Sector GFCF of Delhi into National level Public Sector

GFCF was 3.39% during the year 2012-13 and 2.76% during the year 2013-14.

RATIO OF GFCF TO GDP/GSDP:

- ❖ The ratio of Public sector GFCF of Delhi to GSDP has been estimated at 5.71% during 2011-12 and 6.05% during the year 2012-13, while at national level the ratio of Public Sector GFCF to GDP was 7.52% during 2011-12 and 7.02% during the year 2012-13. During the year 2013-14, the ratio of Public sector GFCF of Delhi to GSDP was 5.44%, whereas at national level, the ratio of Public Sector GFCF to GDP was found to be 7.81%.

ESTIMATES OF GROSS FIXED CAPITAL FORMATION FOR DELHI GOVERNMENT:

- ❖ Gross Fixed Capital Formation of State Govt. including State DCU was amounted to Rs. 2952.70 Crore in the year 2011-12, which has increased to Rs. 3097.48 Crore in the year 2012-13 and Rs. 4308.56 crore in the year 2013-14 registering a growth of 4.90% and 39.10% respectively.

ESTIMATES OF GROSS FIXED CAPITAL FORMATION FOR LOCAL BODIES:

- ❖ Gross Fixed Capital Formation of Local Bodies including DCU was amounted to Rs. 2242.71 Crore in the year 2011-12, which has increased to Rs. 2560.50 Crore in the year 2012-13 and Rs.2576.53 crore in the year 2013-14 registering a growth of 14.17% and 0.63% respectively.

ESTIMATES OF GROSS FIXED CAPITAL FORMATION FOR DDA,DJB INCLUDING STATE AUTONOMOUS BODIES:

- ❖ Gross Fixed Capital Formation of Quasi-Local Self Government including State Autonomous Institutions was amounted to Rs. 3772.83 Crore in the year 2011-12, which has decreased to Rs. 3153.32 Crore in the year 2012-13 and Rs. 3384.70 crore during 2013-14 registering a decline of 16.42% and positive growth of 7.34% respectively.

ESTIMATES OF GROSS FIXED CAPITAL FORMATION FOR NON-DEPARTMENTAL COMMERCIAL UNDERTAKINGS:

- ❖ Gross Fixed Capital Formation of Non-Departmental Commercial Undertakings was amounted to Rs. 2637.35 Crore in the year

2011-12, which has increased to Rs. 4584.01 Crore in the year 2012-13 and further decreased to Rs. 2053.94 crore registering an increase of 73.81% and a decline of 55.19% respectively.

ESTIMATES OF GROSS FIXED CAPITAL FORMATION FOR SUPRA-REGIONAL SECTORS:

- ❖ Supra Regional Sectors (Central Government Administration, Railways, Communication & Services Related to Broadcasting and Financial Services) is the highest contributor in Delhi State Public Sector GFCF which contributed to Rs. 7981.03 Crore in 2011-12 and it has increased to Rs. 10281.50 Crore in 2012-13 and Rs. 11964.02 crore in the year 2013-14. In terms of percentage the growth was 28.82% and 16.36% respectively over the previous year.

➤ CENTRAL GOVERNMENT ADMINISTRATION:

- ❖ Central Govt. Administration's contribution in GFCF for the year 2011-12 was Rs.5126.67 Crore, Rs. 6472.03 Crore in the year 2012-13 and Rs. 5960.93 Crore during the year 2013-14. In terms of percentage, growth during 2012-13 was 26.24% and it has declined by 7.90% during the year 2013-14.
- ❖ At National level, the GFCF estimates for Public Administration for the year 2011-12 was Rs. 260299.00 Crore and it has increased to

Rs. 281215.00 Crore in the year 2012-13 while for 2013-14 it was estimated at Rs. 374548.00 crore. In terms of percentage, the increase was 8.04% during 2012-13 and 33.19% during 2013-14 over the previous year.

➤ **RAILWAYS:**

- ❖ Railways contribution in GFCF of Delhi for the year 2011-12 was Rs. 1883.49 Crore and it has increased to Rs. 2633.10 Crore in the year 2012-13 whereas for the year 2013-14 it was recorded at Rs. 4566.22 crore. In terms of percentage, the increase was 39.80% during 2012-13 and 73.42% during 2013-14 over the previous year.
- ❖ At National level, the GFCF estimates for Railways for the year 2011-12 was Rs. 28937.00 Crore and it has increased to Rs. 32627.00 Crore in the year 2012-13 while for 2013-14 it was estimated at Rs. 36510.00 Crore. In terms of percentage, the increase was 12.75% during 2012-13 and 11.90% during 2013-14 over the previous year.

➤ **COMMUNICATION & SERVICES RELATED TO BROADCASTING:**

- ❖ Communication and Services relating to Broadcasting Sector's contribution in GFCF of Delhi for the year 2011-12 was Rs. 687.11 Crore and it has decreased to Rs. 668.04 Crore in the year 2012-13

and further increased to Rs. 864.15 crore in the year 2013-14. In terms of percentage, the decline was 2.78% during 2012-13 and 29.36% during 2013-14 over the previous year.

- ❖ At National level, the GFCF estimates for Public Communication and Services relating to Broadcasting Sector for the year 2011-12 was Rs. 3980.00 Crore and it has decreased to Rs. 3887.00 Crore in the year 2012-13 while for 2013-14 it was further decreased to Rs. 3716.00 Crore. In terms of percentage, the decrease was 2.34% during 2012-13 and 4.40% during 2013-14 over the previous year.

FINANCIAL SERVICES:

- ❖ Financial Services Sector's contribution in GFCF for the year 2011-12 was Rs. 283.76 Crore and it has increased to Rs. 508.33 Crore in the year 2012-13 whereas for the year 2013-14 it was recorded at Rs. 572.72 crore. In terms of percentage, the increase was 79.14% during 2012-13 and 12.67% during 2013-14 over the previous year.
- ❖ At National level, the GFCF estimates for Financial Services for the year 2011-12 was Rs. 8428.00 Crore and it has increased to Rs. 10385.00 Crore in the year 2012-13 while for 2013-14 it was estimated at Rs. 11975.00 Crore. In terms of percentage, the increase was 23.22% during 2012-13 and 15.31% during 2013-14 over the previous year.

ESTIMATES OF GROSS FIXED CAPITAL FORMATION BY TYPE OF ASSETS:

❖ During 2013-14 GFCF of public sector in Delhi was recorded as Rs. 24287.75 crore as compared to Rs. 880770.00 crore at national level. In case of Delhi, Dwellings, Other Buildings and Structures Activity contributes for Rs. 18341.85 crore (75.52%) as compared to Rs. 536507.00 crore (60.91%) at national level in the capital formation while the contribution of Machinery & Equipment was Rs. 5502.34 Lakh (22.65%) and Rs. 279898.00 crore (31.78%) in Delhi and all India respectively . It may be noted that during 2013-14 also the major chunk of the capital Formation is in the form of Construction of Dwellings, Other Buildings and Structures Activity in Delhi as well as at National level.

The growth of the productive capacity of the economy of the State depends on its rate of capital accumulation and it is assessed by estimating the Capital Formation of that State. The higher the rate of growth of Capital Formation, higher would be the productive capacity of the economy, where as its paucity leads to the low level of production with higher cost. Thus, Capital Formation serves as a very important indicator in measuring the magnitude of growth of productive potential of the economy.

The estimates of Gross Capital Formation consist of Gross Fixed Capital Formation and changes in stock of raw materials, semi-finished and finished goods. However Gross Fixed Capital Formation (GFCF) which excludes change in stock is a better indicator than Gross Capital Formation (GCF) as changes in stock are subject to more fluctuations. The present report on the estimates of Gross Fixed Capital Formation cover public sector only as flow of data from private corporate and household sector at State level is not satisfactory. Accordingly the broad area of coverage includes the following departments:-

1. Administrative Departments of Central Govt, Supra-Regional Sectors – Railways, Communications, Financial Services.

2. Administrative Departments of NCT of Delhi including Departmental Commercial Undertakings (DCUs).
3. Local Bodies – Municipal Corporations of Delhi (EDMC, SDMC & NDMC), New Delhi Municipal Council and Delhi Cantt. Board.
4. Quasi Local Self Government i.e. Delhi Jal Board, Delhi Development Authority and other Autonomous Bodies of NCT of Delhi.
5. Central / State Non-Departmental Commercial Undertakings.

The different concepts and methodology adopted in the preparation of the report is explained in this section.

DOMESTIC CAPITAL FORMATION

The United Nations Statistical office has defined Domestic Capital Formation as “that part of the country’s output and imports, which is not consumed or exported during the accounting period but set aside as additions to its stocks of capital goods. All goods produced for use in future productive process, such as machinery and equipment, plants, buildings and other construction works and producer’s stocks of raw material semi-finished & finished goods are called Capital Goods.

GROSS CAPITAL FORMATION

It includes Gross Fixed Capital Formation and changes in stock.

GROSS FIXED CAPITAL FORMATION

Gross Fixed Capital Formation (GFCF) is measured by the total value of a producer’s acquisition, less disposal, of fixed assets during the accounting period plus certain additions to the value of non-produced assets realized by the productive activity of institutional units. Fixed assets are tangible or intangible assets produced as output

from process of production that are themselves used repeatedly or continuously in other processes or production for more than one year.

ASSETS

Assets as defined in the system are entities that must be owned by some unit or units and from which economic benefits are derived by their owner(s) by holding or using them over a period of time. Every economic asset must function as a store of value that depends upon the amounts of the economic benefits that its owner can derive by holding it or using it. With regards to the classification of assets, the 1993 SNA distinguishes at the first level of the classification between non-financial assets and financial assets. Within non-financial assets it distinguishes between produced and non-produced assets and within each of these between tangible and intangible assets. Produced assets are defined as non-financial assets that have come into existence as output from processes that fall within the production assets such as mineral exploration, computer software, entertainment, literary or artistic originals etc. Non-produced assets are defined as non-financial assets that have come into existence in ways other than the process of production. This includes tangible non-produced assets like land, sub-soil assets etc., and intangible non-produced assets like patented entities, leases and other transferable contracts, purchased good will and other intangible non-produced assets.

SOURCES OF DATA

In case of Public Sector Administrative Departments and Departmental Commercial Undertakings the source of data is based on Central / State Govt. budget documents and analysis of annual accounts for Non-Departmental Commercial Undertakings. In case of Local bodies and Quasi Local Self Govt. the source of data is their budget documents/annual accounts. For NDCU & supra regional sectors (namely, railways, communications and Services related to Broadcasting, Financial Services, Central Administration) and other central DCU (i.e. BTPS) data is provided by the CSO.

METHODOLOGY FOR PREPARING ESTIMATES OF GFCF

Theoretically the estimates of Capital Formation can be prepared by following any of the three approaches listed below:-

1. **Production or Commodity Flow approach:** In this approach, the estimates can be prepared on the basis of availability of commodities used in Capital Formation by type of assets i.e. construction and machinery and equipments.
2. **Savings and Flow of funds approach:** In this approach, the estimates can be prepared on the basis of finances available for capital formation i.e. saving and flow of funds from other States and rest of the world.

3. Expenditure approach: In this approach, the expenditure incurred in types of assets namely construction and machinery is estimated by industry of use and the GFCF estimates can be arrived at.

At national level, estimates are prepared by following all the above approaches whereas in case of State level the estimates can be prepared by following expenditure approach as the other two approaches are not feasible at present. Similarly, the estimates of change in stock can not be prepared at State level due to non-availability of data and open boundaries of the States. As suggested by CSO the States should, therefore, initially concentrate their efforts to prepare GFCF estimates. RAC has also recommended the same. The estimates for Public Sector are prepared by analyzing budget documents and annual reports of Public Sector enterprises.

Estimates of Gross Fixed Capital Formation of Administrative Departments of Delhi Govt and Local Bodies are prepared by adopting the expenditure approach on the basis of budget analysis by type of assets and industry of use.

1. By Type of Assets GFCF refers to gross addition of fixed assets in stock during the accounting year. GFCF estimates in the new series (i.e. with base year 2011-12) are compiled for four broad categories of assets as per System of National Accounts, 2008. These categories are:

- i. Dwellings, Other Buildings & Structures:
- ii. Machinery & Equipments;
- iii. Cultivated biological resources; and

iv. Intellectual property products.

2. By Type of Assets and Industry of Use: For the purpose of estimation of GFCF, the whole economy of the state has been divided into eleven (11) sectors in conformity with the procedure followed at the national level to estimate the GFCF estimates. Estimates of GFCF by type of assets and industry of use are compiled as per the following industry groups:

Sl. No.	Industry
1.	Agriculture, forestry & fishing
2.	Mining & Quarrying
A	<i>Primary (1+2)</i>
3.	Manufacturing
4.	Electricity, Gas, Water Supply & other Utility Services
5.	Construction
B	<i>Secondary (3+4+5)</i>
6.	Trade ,hotels & restaurants
7.	Transport, Storage & Communication
8.	Financial Services
9.	Real estate, ownership of dwellings & professional services
10.	Public Administration
11.	Other Services
C	<i>Tertiary(6 to 11)</i>

Departmental Commercial Undertakings: Estimates of GFCF of Departmental Commercial Undertakings of the Government are to be prepared as per the following industry groups:

1. Agriculture (Irrigation)
2. Forests

Non-Departmental Commercial Undertakings: GFCF comprises of expenditure during the year on residential and non-residential buildings, other constructions, machinery and equipments, transport equipments and capital work in progress. In other words, GFCF refers to aggregate of gross addition to the fixed assets in stock less disposal during a period of account.

TYPE OF INSTITUTIONS

Under type of Institution, public and private sectors are considered separately for estimation of GFCF. Here an attempt has been made to prepare the estimates of GFCF for the public sector. Public sector consists of Administrative Departments, Departmental Commercial Undertakings, Non-Departmental Commercial Undertakings, Local Bodies, Quasi Local Self Govts. of Central / State Government

State / Central Government Administrative Departments comprises Government Departments and their offices whose function is to organize for the community, but not normally to sell those common services which can not otherwise economically be provided.

The Departmental Commercial Undertakings (DCUs) are incorporated enterprises owned, controlled and run directly by public authorities. These undertakings normally do not hold or manage financial assets and liabilities apart from their working balances and business accounts payables and receivables. These undertakings charge for the goods and services they provide on commercial basis.

Non-Departmental Commercial Undertakings are those which produce goods and services for sales etc. They are government companies in which the State/ Central Government holds not less than 51 per cent of the paid up share capital and statutory corporations set up under special enactments of the Legislature / Parliament.

The estimates of GFCF have been prepared for the following "TYPES OF ASSETS"

I. DWELLINGS, OTHER BUILDINGS & STRUCTURES:

Dwelling (BOR): Dwellings are buildings, or designated parts of buildings, that are used entirely or primarily as residences, including any associated structures, such as garages, and all permanent fixtures customarily installed in residences.

Examples of Dwelling: Residential buildings for communities, Retirement Homes (Old Age Home), Hostels, Orphanage, Houseboats, Mobile Homes and Caravans (used as principal residences of households not for commercial purpose)

Buildings other than Dwelling (BONR): It includes whole buildings or parts of buildings not designated as dwellings. Fixtures, facilities and equipment that are

integral parts of the structures are included. For new buildings, costs of site clearance and preparation are included.

Examples of Buildings other than Dwelling (BONR): Warehouse, Commercial Buildings, Hotel, Restaurants, School, Hospitals, Prison ,Industrial Building ,Library, Rest House etc.

Other Structure (CO): Other structures include all the structures other than buildings. For eg. Waterways, Harbor, Dams, canals, Flood control works, water channel drainage system, play ground, swimming pools, ponds, gas pipe lines, cable lines, atomic research.

Land Improvements (LI): Land improvements are the result of actions that lead to major improvements in the quantity, quality or productivity of land, or prevent its deterioration. It includes expenditure on following activities:

Land clearance, land contouring, creation of wells, watering holes etc.

Roads and Bridges (RO): It includes all the expenditure done on the construction of Roads and Bridges. Examples: Highway, streets, roads, Railway and airfield runway, bridges, elevated highway, tunnel, subways, foot over bridge, culverts etc.

II. MACHINERY & EQUIPMENT

ICT EQUIPMENT (ICT): Information, computer and telecommunications (ICT) equipment consists of devices using electronic controls and also the electronic components forming part of these devices. In practice ICT equipment pertains mostly to computer hardware and telecommunication equipment. Eg. expenditure on mobile phones, fax machines, radio communication, internet, wireless, electronic printers etc.

OTHER MACHINERY AND EQUIPMENT (MO): Other machinery and equipment consists of machinery and equipment not elsewhere classified. It includes for e.g. Power generating machinery, furniture and fixtures, stone crusher, boilers, office equipment, medical appliances, optical instruments, nuclear reactors, electrical machinery and equipment etc. Tools that are inexpensive and purchased at relatively steady rate such as Hand tools are excluded.

TRANSPORT EQUIPMENT (TRO): Transport equipment consists of equipment for moving people and objects. It includes for e.g. motor vehicles, trailers and semi-trailers; ships; railway and tramway locomotives and rolling stock; aircraft and spacecraft; and motorcycles, bicycles, etc.

III. CULTIVATED BIOLOGICAL RESOURCES:

ANIMAL RESOURCES YIELDING REPEAT PRODUCTS (ASO):

It cover animals whose natural growth and regeneration are under the direct control, responsibility and management of institutional units. They include breeding stocks,

dairy cattle, sheep or other animals used for wool production and animals used for transportation, racing or entertainment. Animals raised for slaughter, including poultry, are not fixed assets but inventories.

TREE, CROP AND PLANT RESOURCES YIELDING REPEAT PRODUCTS

(CAO):

They include trees (including vines and shrubs) cultivated for fruits and nuts, for sap and resin and for bark and leaf products.

Trees grown for timber that yield a finished product once only when they are ultimately felled are not fixed assets, just as cereals or vegetables that produce only a single crop when they are harvested cannot be fixed assets.

IV. INTELLECTUAL PROPERTY PRODUCTS:

Computer Software(SO): It consists of computer programs, program descriptions and supporting materials for both systems and applications software and database. It includes both the initial development and subsequent extensions of software as well as acquisition of copies that are classified as assets.

Estimates of GFCF in Public Sector are based on the analysis of actual expenditure recorded in Annual reports of different public sector organizations. Fixed assets have been classified by type of assets, industry of use and also by type of institution. Industry of use indicates sectors/sub-sectors of the economy. By type of institution means Central / State Administration Departments, Departmental Commercial Undertakings, Non-Departmental Commercial Undertakings, Local bodies, Quasi Local self Government and Supra Regional Sectors. Fixed assets are broadly classified under four categories viz. i. Dwellings, Other Buildings & Structures; ii. Machinery & Equipments; iii. Cultivated biological resources; and iv. Intellectual property products as per new base year 2011-12.

ESTIMATED TOTAL PUBLIC SECTOR GFCF IN DELHI AND AT NATIONAL LEVEL:

The estimates of Gross Fixed Capital Formation in Public Sector of Delhi as well as for all India for the year 2011-12 to 2013-14 are given in **Statement No.3.1**. GFCF of Delhi for Public Sector for the year 2011-12 was Rs. 19586.62 Crore while it has increased to Rs. 23676.81 Crore in the year 2012-13, in terms of percentage the

increase is found to be 20.88%. Estimated GFCF during the year 2013-14 was Rs. 24287.75 Crore with a growth of 2.58% over previous year. At National level, GFCF of Public Sector for the year 2011-12 was Rs. 656785 Crore while it has increased to Rs. 698686 Crore in the year 2012-13, in terms of percentage the increase is found to be 6.38% whereas, Estimated GFCF during the year 2013-14 was Rs. 880770 Crore registered a growth rate of 26.06% over previous year.

* Totals may not tally due to rounding off

It is evident from the Statement 3.6 and 3.7 that out of total GFCF of Rs. 24287.75 crore, Supra Regional Sectors was the highest contributor with Rs. 11964.02 crore (49.26%), followed by Delhi Govt. with 4308.56 crore (17.74%), DDA, DJB & Other State Autonomous Bodies with 3384.70 crore (13.94%), Local Bodies with 2576.53 crore (10.61%) and Non Departmental Commercial Undertakings with 2053.94 crore (8.46%) during 2013-14. Institution wise detailed analysis may be seen in the following paragraphs:

ESTIMATES OF GROSS FIXED CAPITAL FORMATION FOR DELHI GOVERNMENT:

The estimates of Gross Fixed capital formation (GFCF) in respect of State Government are prepared by analyzing the budget Documents (Demand for Grants) of Delhi Govt so as to cull out the extent of industry-wise GFCF.

Gross Fixed Capital Formation of State Govt. including State DCU was amounted to Rs. 2952.70 Crore in the year 2011-12, which has increased to

Rs. 3097.48 Crore in the year 2012-13 and Rs. 4308.56 crore in the year 2013-14 registering a growth of 4.90% and 39.10% respectively.

ESTIMATES OF GROSS FIXED CAPITAL FORMATION FOR LOCAL BODIES:

The estimates of Gross Fixed capital formation (GFCF) in respect of Local Bodies are prepared by analyzing the budget Documents of MCD, NDMC and Annual Accounts of DCB so as to cull out the extent of industry-wise GFCF.

Gross Fixed Capital Formation of Local Bodies including DCU was amounted to Rs. 2242.71 Crore in the year 2011-12, which has increased to Rs. 2560.50 Crore in the year 2012-13 and Rs.2576.53 crore in the year 2013-14 registering a growth of 14.17% and 0.63% respectively.

ESTIMATES OF GROSS FIXED CAPITAL FORMATION FOR DDA,DJB INCLUDING STATE AUTONOMOUS BODIES:

The estimates of Gross Fixed capital formation (GFCF) in respect of Autonomous Institution are prepared by analyzing the budget Documents of Delhi Jal Board, Delhi Development Authority and Annual Accounts of State level autonomous institutions so as to cull out the extent of industry-wise GFCF.

Gross Fixed Capital Formation of Quasi-Local Self Government including State Autonomous Institutions was amounted to Rs. 3772.83 Crore in the year 2011-12, which has decreased to Rs. 3153.32 Crore in the year 2012-13 and Rs. 3384.70 crore

during 2013-14 registering a decline of 16.42% and positive growth of 7.34% respectively.

ESTIMATES OF GROSS FIXED CAPITAL FORMATION FOR NON-DEPARTMENTAL COMMERCIAL UNDERTAKINGS:

The estimates of Gross Fixed capital formation (GFCF) in respect of Non-Departmental Commercial Undertakings are prepared by the Central Statistics Office (CSO) by analyzing the Annual Accounts of Centre & State level NDCUs so as to cull out the extent of industry-wise GFCF. State Directorates of Economics and Statistics (DESS) have used the same for incorporating in their GFCF estimates.

Gross Fixed Capital Formation of Non-Departmental Commercial Undertakings was amounted to Rs. 2637.35 Crore in the year 2011-12, which has increased to Rs 4584.01 Crore in the year 2012-13 and further decreased to Rs. 2053.94 crore registering an increase of 73.81% and a decline of 55.19% respectively.

ESTIMATES OF GROSS FIXED CAPITAL FORMATION FOR SUPRA-REGIONAL SECTORS:

As in the case of state income estimates, estimates of Gross Fixed Capital Formation (GFCF) in respect of supra-regional sectors are prepared by the Central Statistics Office (CSO) and supplied to State Directorates of Economics and Statistics (DESS) for incorporating the same in their estimates. The GFCF estimates of Supra-regional sectors are prepared at current prices only. It includes activities of Central

Government Administration, Railways, Communication & Services Related to Broadcasting and Financial Services. The estimates of these supra regional activities are compiled for the economy as a whole and allocated to the states on the basis of the relevant indicators.

Supra Regional Sector is the highest contributor in Delhi State Public Sector GFCF which contributed to Rs. 7981.03 Crore in 2011-12 and it has increased to Rs. 10281.50 Crore in 2012-13 and Rs. 11964.02 crore in the year 2013-14. In terms of percentage the growth was 28.82% and 16.36% respectively over the previous year. Sub-Sector-wise position may be seen in the following paragraphs:

❖ **CENTRAL GOVERNMENT ADMINISTRATION:**

The State/UT wise fixed capital expenditure for different type of assets is extracted from 'Demands for Grants' documents received from all Central Govt. Ministries/Departments for each financial year. In the "Works Annexure" of these documents, the probable capital expenditure of the projects costing Rs. 50 lakh and above, by type of assets and location, for the previous year are given.

However, in case of some of the Ministries/Departments, the details are available only for the probable capital expenditure costing Rs. 5 crores and above. Besides, in these Annexures, a large amount of money is earmarked under the category 'collective all other works', the identification of which by type of assets and location are not available from these documents. In addition to this, (i) the data for capital formation in respect of 'Border Roads Development Boards' meant for North-

Eastern states are distributed among North Eastern States viz., Arunachal Pradesh, Assam, Meghalaya, Nagaland, Mizoram, Manipur and Tripura in proportion to their NVA compiled from the respective State Govt. Budgets; (ii) the additional capital formation data for Union Territories is also obtained from Home Ministry's Demands for Grants, and (iii) the data relating to Coast Guard Ships/Vessels. Defence Wireless, Machinery for Para Military Forces, Ocean Development, and Satellites etc. is unallocable data and remains undistributed among the states. The remaining amount of fixed capital formation for central government administration [i.e. Total – (i) – (ii) – (iii)] has been distributed among all States/UTs in the ratios of the state wise amount of fixed capital formation extracted from the available Works Annexure of all Ministries/Departments as detailed in previous paragraph.

Central Govt. Administration's contribution in GFCF for the year 2011-12 was Rs.5126.67 Crore, Rs. 6472.03 Crore in the year 2012-13 and Rs. 5960.93 crore during the year 2013-14. In terms of percentage, growth during 2012-13 was 26.24% and it has declined by 7.90% during the year 2013-14.

At National level, the GFCF estimates for Public Administration for the year 2011-12 was Rs. 260299.00 Crore and it has increased to Rs. 281215.00 Crore in the year 2012-13 while for 2013-14 it was estimated at Rs. 374548.00 crore. In terms of percentage, the increase was 8.04% during 2012-13 and 33.19% during 2013-14 over the previous year.

❖ RAILWAYS:

This sector covers the activities of the railways including railway workshops and factories and also construction including major repairs undertaken by the railways. The capital expenditure during the year are derived as the difference in the outlays expected up to the end of the current and preceding years given in the publication of Railway Board "Works, Machinery and Rolling Stock Programme of Railways (Detailed Programme)". The estimates of state-wise GFCF are prepared for (a) buildings, (b) constructions, including construction of new lines, doubling of lines, track renewals, cables route, electrification and (c) Machinery & Equipment including expenditure on computerization, signaling and telecommunication works and other electrical installations. As per the recommendation of the Committee on Regional Accounts (RAC), the rolling stock of the railways is not allocated to the states. The expenditure on buildings, construction and machinery & equipment is distributed among various states on the basis of the location of projects mentioned in the source documents. However, the expenditure on new lines, track renewals and other items of machinery is allocated to different states on the basis of section-wise data given in the source documents. If a section covers more than one state, the allocation to different states is done on the basis of new lines, track renewal and other items of machinery falling within the concerned states. This is done on the basis of railway map of India. The difference between the national level GFCF (excluding rolling stock) and the estimates prepared by the above method is allocated on the pro-rata basis.

Railways contribution in GFCF of Delhi for the year 2011-12 was Rs. 1883.49 Crore and it has increased to Rs. 2633.10 Crore in the year 2012-13 whereas for the year 2013-14 it was recorded at Rs. 4566.22 crore. In terms of percentage, the increase was 39.80% during 2012-13 and 73.42% during 2013-14 over the previous year.

At National level, the GFCF estimates for Railways for the year 2011-12 was Rs. 28937.00 Crore and it has increased to Rs. 32627.00 Crore in the year 2012-13 while for 2013-14 it was estimated at Rs.36510.00 crore. In terms of percentage, the increase was 12.75% during 2012-13 and 11.90% during 2013-14 over the previous year.

❖ COMMUNICATION & SERVICES RELATED TO BROADCASTING:

This sector covers the activities of Post & Telecommunication. The source of data for Posts is Department of Posts and for telecommunication –Department of Telecommunication, BSNL and MTNL. For posts & telecom, circle-wise data on capital expenditure in respect of building, construction and machinery & equipment during the year is obtained from Department of Post. Postal circles are generally coterminous with the states. Where circle comprises of more than one state, capital expenditure is allocated among different States/UTs using the number of Post offices in different States/UTs within that circle. The All-India capital expenditure for post & telecom is distributed among states in the ratio of capital expenditure among states as compiled above. For BSNL, circle wise data for capital expenditure

is obtained separately for construction and machinery from BSNL, New Delhi. All India capital expenditure of BSNL is distributed among circles in the ratio of circle-wise capital expenditure. Where circle comprises of more than one state, capital expenditure is allocated among different States/UTs within that circle in the ratio of Telecom/BSNL Plan Investment. For MTNL, total GFCF is allocated in states in the proportion of actual state wise capital expenditure obtained from MTNL, New Delhi.

Communication and Services relating to Broadcasting Sector's contribution in GFCF Delhi Public Sector for the year 2011-12 was Rs. 687.11 Crore and it has decreased to Rs. 668.04 Crore in the year 2012-13 and further increased to 864.15 crore in the year 2013-14. In terms of percentage, the decline was 2.78% during 2012-13 and 29.36% during 2013-14 over the previous year.

At National level, the GFCF estimates for Public Communication and Services relating to Broadcasting Sector for the year 2011-12 was Rs. 3980.00 Crore and it has decreased to Rs. 3887.00 Crore in the year 2012-13 while for 2013-14 it was further decreased to Rs. 3716.00 crore. In terms of percentage, the decrease was 2.34% during 2012-13 and 4.40% during 2013-14 over the previous year.

❖ FINANCIAL SERVICES:

The state wise estimates of GFCF from Banking and Insurance sector are discussed below:-

(a) Public & Private Sector Banks: State wise data on construction and machinery & equipment of public banks are collected from these banks through correspondence.

In order to complete the coverage, the fixed capital expenditure of private banks has been distributed on the prorata basis of state wise data of the public banks and the GFCF of non-responding public banks has been distributed on the basis of the state-wise number of branches of the particular bank.

(b) Financial Investment Companies(FIC): All India estimates of FIC, including all non-banking non-government companies, are distributed in the proportion of state wise data on paid up capital as received from Ministry of Corporate Affairs.

(c) Central/State Finance Companies: The state wise estimates on construction and Machinery & Equipment of Central Finance Companies i.e., REC, HUDCO, LIC Housing, PFC, FCI, EPFO, and others are added to the data received from State Finance Companies to obtain the consolidated state wise estimates.

(d) State Financial Corporation: Estimates of GFCF from State Financial Corporation are being compiled from annual reports of these corporations directly.

(e) Insurance Corporations: State wise data on construction and machinery & equipment of public Sector Insurance Corporations are collected from these Corporations through correspondence. In case of non-response, the fixed capital expenditure is distributed on the basis of the State-wise number of employees.

(f) Other Sub-Sectors: These sub-sectors include Banking Department of RBI, Regional Rural Banks, Cooperative Credit Societies (including Co-operative banks, Grain Banks, etc) and Central Financial Corporations. Data in respect of Regional Rural Banks and Cooperative Credit Societies are supplied by NABARD. For others,

the estimates are based on the state wise data on construction and Machinery & Equipment made available by the respective institutions.

Financial Services Sector's contribution in GFCF for the year 2011-12 was Rs. 283.76 Crore and it has increased to Rs. 508.33 Crore in the year 2012-13 whereas for the year 2013-14 it was recorded at Rs. 572.72 crore. In terms of percentage, the increase was 79.14% during 2012-13 and 12.67% during 2013-14 over the previous year.

At National level, the GFCF estimates for Financial Services for the year 2011-12 was Rs. 8428.00 Crore and it has increased to Rs. 10385.00 Crore in the year 2012-13 while for 2013-14 it was estimated at Rs. 11975.00 crore. In terms of percentage, the increase was 23.22% during 2012-13 and 15.31% during 2013-14 over the previous year.

GFCF refers to gross addition of fixed assets in stock during the accounting year. GFCF estimates by type of assets in old series (i.e. with base year 2004-05) was compiled for two broad categories i.e. Construction and Machinery & Equipments. However, GFCF estimates in the new series (i.e. with base year 2011-12) are compiled for four broad categories of assets as per System of National Accounts, 2008. These categories are:

- i. Dwellings, Other Buildings & Structures:
- ii. Machinery & Equipments;
- iii. Cultivated biological resources; and
- iv. Intellectual property products.

A comprehensive overview of Gross Fixed Capital Formation of Delhi (Public Sector) and All India by type of Assets from the year 2011-12 to 2013-14 has been depicting in the following statements and graphic presentation:-

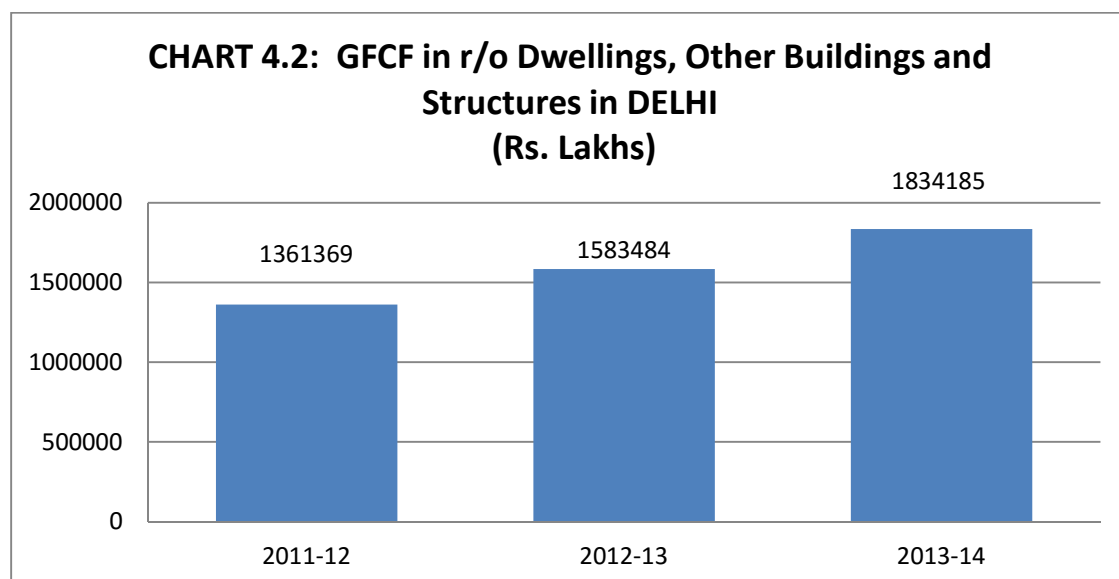

CHART 4.3 : GFCF in r/o Machinery & Equipments in DELHI (Rs. Lakhs)

CHART 4.4 : GFCF in r/o Cultivated Biological Resources in DELHI (Rs. Lakhs)

CHART 4.5 : GFCF in r/o Intellectual Property Products in DELHI (Rs. Lakhs)

It may be seen from the statements 4.1 & 4.2 that during 2011-12 GFCF of public sector in Delhi was Rs. 19586.62 crore as compared to Rs. 656785.00 crore at national level. In case of Delhi, Dwellings, Other Buildings and Structures Activity contributes for Rs. 13613.69 crore (69.51%) as compared to Rs. 376783.00 crore (57.37%) at national level in the capital formation while the contribution of Machinery & Equipment was Rs. 5703.01 Lakh (29.12%) and Rs. 240509.00 crore (36.62%) in Delhi and all India respectively . It may be noted that the major chunk of the capital Formation is in the form of Construction of Dwellings, Other Buildings and Structures Activity in Delhi as well as at All India.

Statements 4.1 & 4.2 reveals that during 2012-13 GFCF of public sector in Delhi was recorded as Rs. 23676.81 crore as compared to Rs. 698686.00 crore at national level. In case of Delhi, Dwellings, Other Buildings and Structures Activity contributes for Rs. 15834.84 crore (66.88%) as compared to Rs. 407499.00 crore (58.32%) at national level in the capital formation while the contribution of Machinery & Equipment was Rs. 7293.37 Lakh (30.80%) and Rs. 244185.00 crore (34.95%) in Delhi and all India respectively . It may be noted that during 2012-13 also the major chunk of the capital Formation is in the form of Construction of Dwellings, Other Buildings and Structures Activity in Delhi as well as at All India.

Statements 4.1 & 4.2 reveals that during 2013-14 GFCF of public sector in Delhi was recorded as Rs. 24287.75 crore as compared to Rs. 880770.00 crore at national level. In case of Delhi, Dwellings, Other Buildings and Structures Activity contributes for Rs. 18341.85 crore (75.52%) as compared to Rs. 536507.00 crore (60.91%) at national level in the capital formation while the contribution of Machinery & Equipment was Rs. 5502.34 Lakh (22.65%) and Rs. 279898.00 crore (31.78%) in Delhi and all India respectively . It may be noted that during 2013-14 also the major chunk of the capital Formation is in the form of Construction of Dwellings, Other Buildings and Structures Activity in Delhi as well as at All India.
