

NUTRITION

Govt. of India adopted the National policy for Children in 1974 taking into consideration that the country children are its supreme important assets and to nurture them for overall development of children as human resource. The responsibility has been cast on the state as its primary duty to ensure provision of adequate service and equal opportunities, for their full physical and mental development, by orienting its programme for their cause and welfare before and after their birth as per the Constitution of the India, Article 47 which includes raising the level of Nutrition, Health and raising the level of standard of living. Department of Women & Child development, GOI formulated National Nutrition Policy, which has been adopted by the govt. in 1993. All state govt. have been advised to draw its Nutritional Policy, as there is still very high rate of malnutrition among children and women and programme have to be implemented to provide supplementary nutrition with object of removing deficiencies in the diet of children and women. WCD dept. is implementing the nutritional programme in the nutrition sector through ICDS projects.

2. Mid- day Meal programme run by Education Dept. also forms the part of the Nutrition sector. Mid-day Meal in schools has had a long history in India. 1990 onwards a no. of states had implemented the Mid- day Meal program in their states with the own resource and it was established that school Mid- day Meal assert a positive influence on enrollment and attendance in school.

3. Under this programme a nutritional support is provided to children of primary and upper primary section in govt. and govt. aided school with the objective to meet the nutritional deficiency, to prevent children from purchasing unhygienic food from the hawkers during recess time and to reduce the absentee in the classes.
